NURSERY AND OFFICE

Concord Road

**BEDFORD, MASS.**

Telephone LExington 9-1220

---

## LOCATION

Our office and nursery are located on the Bedford-Concord Road, Route 62, one mile from Bedford Center and three and one-half miles from Concord. To reach us from Boston, which is 15 miles distant, drive through Arlington, thence through Lexington to Bedford. From Lowell which is 12 miles distant through Billerica to Bedford.

Purchasers should state plainly the mode of conveyance by which stock should be forwarded. Otherwise we exercise our judgment. For delivery by motor truck, a cartage charge will be made in accordance with size of load and distance to be hauled.

All prices given are for the stock at the nursery, and freight or express charges are payable by customer.

In the Nursery we have of course, many plants larger than those listed and many of a smaller size, also in the Evergreens there are plants that are not symmetrical enough to be used as specimens, but which are perfectly good otherwise. Such stock is priced in accordance with its value. A visit to the nursery is well worth while if you need stock for a particular need.

Write or call on us for sizes and varieties not listed. If we cannot furnish them we can undoubtedly recommend a reliable source.

| 2 to 3 ft. ....  | 6.00 |
| <b>Norway</b> (Excelsa). The most commonly planted variety |      |
| 2 to 3 ft. ....  | 3.50 |
| 3 to 4 ft. ....  | 5.00 |
| 5 to 6 ft. ....  | 7.00 |

## Group II

Dwarf and medium tall growing evergreen. This group contains a list of the most hardy and satisfactory evergreens for foundation plantings.

|   |               |
|---|---------------|
| <b>Arborvitae</b> ( <i>Thuja</i> ). This variety in its many forms is more widely planted in New England than any other, and succeeds under almost all conditions. It is commonly known as Cedar. |               |
| <b>American</b> ( <i>Occidentalis</i> ). The common native variety. Generally sheared and much used for hedges and wind-breaks.   |               |
| 18 to 24 in. ....   | 2.00          |
| 2 to 3 ft. ....   | 3.50          |
| 3 to 4 ft. ....   | 5.00          |
| 4 to 5 ft. ....   | 6.00          |
| <b>Globe</b> ( <i>Globosa</i> ). A globe shaped dwarf variety. Bright green.  |               |
| 12 to 15 in. ....   | 2.00          |
| 15 to 18 in. ....   | 3.00          |
| 18 to 24 in. ....   | 4.00          |
| <b>Hovey</b> ( <i>Hoveyi</i> ). Light green fan shaped branches.  |               |
| 15 to 18 in. ....   | 2.50          |
| 18 to 24 in. ....   | 3.50          |
| 2 to 3 ft. ....   | 4.00          |
| <b>Plicata or elegantissima</b> . A thick leaved open pyramidal shaped plant with yellowish white tips.   |               |
| 2 to 3 ft. ....   | 3.50          |
| 6 to 8 ft. ....   | 8.00 to 10.00 |
| <b>Pyramidal or pyramidalis</b> . A slender pyramidal tree of beautiful green. Indispensable in any foundation planting.  |               |
| 18 to 24 in. ....   | 2.50          |
| 2 to 3 ft. ....   | 3.50          |
| 3 to 4 ft. ....   | 5.00          |
| 4 to 5 ft. ....   | 6.00          |
| <b>Siberian</b> ( <i>Wareana</i> ). A very dark green thick leaved variety, broadly pyramidal.  |               |
| 18 to 24 in. ....   | 3.00          |
| 2 to 3 ft. ....   | 5.00          |
| 4 to 5 ft. ....   | 6.00          |
| <b>Variegated</b> ( <i>Vervaeana</i> ). Bright yellow and green foliage.  |               |
| 2 to 3 ft. ....   | 3.00          |
| 4 to 5 ft. ....   | 6.00          |
| <b>Woodward's</b> ( <i>Woodwardi</i> ). A dark green globe.   |               |
| 15 to 18 in. ....   | 3.00          |
| 18 to 24 in. ....   | 4.00          |
| 2 to 2½ ft. ....  | 5.00          |
| <b>Cypress</b> ( <i>Chamaecyparis</i> ). Thread leaved Japanese ( <i>Filifera</i> . Drooping stringy foliage). Good green.  |               |
| 2 to 3 ft. ....   | 5.00          |

|   | Each  |
|---|-------|
| <b>Hemlock</b> ( <i>Tsuga</i> ). The common Hemlock may be used for planting among dwarf evergreens. Those having two or more stems are best, and may be sheared. |       |
| 12 to 18 in. ....   | 2.50  |
| 18 to 24 in. ....   | 3.50  |
| 2½ to 3 ft. ....  | 5.00  |
| 3 to 4 ft. ....   | 6.00  |
| <b>Juniper</b> ( <i>Juniperus</i> ). This family consists of many tall growing as well as spreading types. A few of the better are listed.                        |       |
| <b>Irish</b> ( <i>Hibernica</i> ). A dense, narrow very formal tree growing about 8 feet tall.  |       |
| 18 to 24 in. ....   | 2.50  |
| 2 to 3 ft. ....   | 4.00  |
| 3 to 4 ft. ....   | 5.00  |
| <b>Greek</b> ( <i>Excelsa stricta</i> ). Bright green.  |       |
| 15 to 18 in. ....   | 3.50  |
| 18 to 24 in. ....   | 5.00  |
| <b>Pfitzer's</b> ( <i>Pfitzeriana</i> ). One of the best of the spreading types. Bluish green foliage.  |       |
| 12 to 18 in. ....   | 3.00  |
| 2 to 3 ft. ....   | 6.00  |
| 4 to 6 ft. ....   | 10.00 |
| <b>Red Cedar</b> ( <i>Virginiana</i> ). Grows wild on hillsides. Makes large tree, but can be kept sheared.   |       |
| 3 to 4 ft. ....   | 5.00  |
| <b>Savin</b> ( <i>Sabina</i> ). Dark green spreading variety  |       |
| 12 to 15 in. ....   | 3.00  |
| 18 in. ....   | 4.00  |
| 3 ft. ....  | 6.00  |
| <b>Tamarix savin</b> ( <i>Tamarisifolia</i> ). Dark green, a low trailing variety.  |       |
| 18 in. ....   | 5.00  |
| <b>Waukegan</b> ( <i>Horizontalis douglasi</i> ). A low trailing juniper, blue in color. Good on banks or as a ground cover.                                      |       |
| 9 to 12 in. ....  | 2.00  |
| 18 to 24 in. ....   | 3.50  |
| <b>Plumosa.</b> ( <i>Andora Juniper</i> ).  |       |
| 12 in. ....   | 2.00  |
| 18 in. ....   | 3.00  |
| <b>Pine</b> ( <i>Pinus</i> ). Low growing or dwarf varieties.   |       |
| <b>Dwarf Mt. pine</b> ( <i>Mughus</i> ). Very hardy and popular.  |       |
| 9 to 12 in. ....  | 2.50  |
| 18 to 24 in. ....   | 5.00  |
| <b>Yew</b> ( <i>Taxus</i> ). The yews are extremely hardy and thrive best in a shady situation.   |       |
| <b>Canadian</b> ( <i>Canadensis</i> ). Common native yew. Low Spreading.  |       |
| 18 to 24 in. ....   | 5.00  |

| <b>Golden Climber</b> , yellow, ideal for picking ..... each | 1.50 |

## DECIDUOUS TREES

### Shade Trees

Under this heading, we have listed those deciduous trees that are used for shade. The sizes given after each variety are those generally desired by the home owner, but larger trees can be furnished in most varieties. Call or write for prices on large specimens.

**Maples** (Acer). The maples are the most popular shade trees, and are so well known that detailed description is unnecessary.

- |  |                        |
|--|------------------------|
| <b>Norway</b> (Platanoides). A large growing tree giving dense shade, quite largely planted in cities. |                        |
| 6 to 7 ft. ....  | 4.00                   |
| 8 to 10 ft. ....   | 6.00                   |
| 10 to 12 ft. ....  | 8.00                   |
| 2½ in. caliper .....   | 10.00 to 15.00         |
| 3 to 5 in. caliper .....   | planted 15.00 to 40.00 |

|  | <b>Each</b>    |
|--|----------------|
| <b>Norway red leaved</b> (Shwedleri). Leaves open red in spring, changing to deep reddish green during season.         |                |
| 7 to 8 ft. ....  | 5.00           |
| 8 to 10 ft. ....   | 7.00 to 10.00  |
| <b>Sugar</b> (Saccharum). A beautiful shade tree with brilliant colored leaves in Autumn. 6 to 8 ft. ....              | 4.00           |

| 10 to 12 ft. ....  | 8.00           |
| 15 to 18 ft. ....  | 10.00 to 15.00 |
| <b>Weir's cut leaf</b> . A fast growing maple with deeply cut leaves.  |                |
| 8 to 10 ft. ....   | 6.00           |
| 12 to 14 ft. ....  | 8.00           |
| <b>White maple</b> (Rubrum). Our native swamp maple, at home both in wet or dry soils. 8 to 10 ft. ....                | 4.00           |
| 10 to 12 ft. ....  | 6.00           |
| 15 to 18 ft. 2½ to 3 in. caliper ....  | 15.00          |
| 25 ft. 5 in. caliper planted ....  | 40.00          |
| <b>Birch</b> (Betula). Birches are planted more for their white bark than for shade.                                   |                |
| <b>White European</b> (Alba). A large growing birch with white bark, 6 to 8 ft. ....                                   | 5.00           |
| <b>Red. River Birch</b> , Bushy ....   | 2.00 to 3.00   |
| <b>Paper (Canoe)</b> . Birch, 4 to 5 ft. ....  | 3.00           |
| Clump (3 plants) planted. 6 to 8 ft. ....  | 12.00          |
| <b>Elm</b> (Ulmus) American. Our native Elm. 6 to 8 ft. ....   | 4.00           |
| <b>Larch</b> (Larix). European Larch or Tamarack. A cone bearing tree with light green needles which drop in the Fall. |                |
| 8 to 10 ft. ....   | 10.00          |
| <b>Linden</b> (Tilia). Also called Basswood. Large leaves.   |                |
| 6 ft. ....   | 3.00           |
| 8 to 10 ft. ....   | 8.00           |
| 10 to 12 ft. ....  | 15.00          |
| <b>Cordata</b> . Small leaved European, much used in planting in Parkways and City streets.                            |                |
| 6 ft. ....   | 4.00           |
| 8 to 10 ft. ....   | 8.00           |
| 10 to 12 ft. ....  | 10.00          |
| 18 to 20 ft. ....  | 15.00 to 40.00 |
| <b>Mountain Ash</b> (Sorbus aucuparia). A good compact tree bearing large bunches of orange red berries in Fall.       |                |
| 6 to 8 ft. ....  | 3.50           |
| 8 to 10 ft. ....   | 4.00 to 6.00   |
| 10 to 12 ft. ....  | 6.00 to 10.00  |
| <b>Oak</b> (Quercus). Red. 6 ft. ....  | 5.00           |
| 8 ft. ....   | 6.00           |
| 8 to 10 ft. ....   | 6.00 to 10.00  |

|   | <b>Each</b>  |
|---|--------------|
| <b>Poplar</b> ( <i>Populus</i> ). Fast growing trees used for quick effect.   |              |
| <b>Lombardy</b> ( <i>Italica</i> ). A narrow spire-like tree of very rapid growth, often used for screens and along drives. |              |
| 6 to 8 ft. ....   | 2.50         |
| 8 to 10 ft. ....  | 4.50         |
| 10 to 12 ft. ....   | 5.00         |
| <b>Willow</b> —   |              |
| <b>Wisconsin weeping</b> . A graceful tree.   |              |
| 3 to 4 ft. ....   | 2.00         |
| 6 to 8 ft. ....   | 5.00         |
| <b>Niobe</b> . A golden barked weeping willow.  |              |
| 3 to 4 ft. ....   | 2.50         |
| 6 to 8 ft. ....   | 5.00 to 7.00 |

## FLOWERING AND ORNAMENTAL TREES

The flowering trees are very beautiful when used as specimens on the lawn or in a shrubbery border. Some are often grown in shrub form, particularly the Dogwoods, and are used as a background for the smaller shrubs. Most of the trees in this group range in size from ten to twenty five feet when fully grown.

|  |      |
|--|------|
| <b>Cercis canadensis</b> (American redbud). A small tree or often a large shrub. Rosy pink flowers in great profusion before the leaves. 3 to 4 ft. .... | 2.00 |
| <b>Cherry</b> (Japanese weeping). Drooping pendulous branches covered with pink flowers in May. 5 to 6 ft. ....  | 9.00 |
| <b>Crab</b> ( <i>Malus</i> ). The flowering crabs are very ornamental, some bearing fruits which are showy during the Autumn.                            |      |
| <b>Bechtel's or ionesis fl. pl.</b> Large double pink flowers.   |      |
| 5 to 6 ft. ....  | 3.50 |
| 6 to 8 ft. ....  | 5.00 |
| ✓ <b>Hopa</b> , single, deep pink flowers. 5 to 6 ft. ....   | 3.50 |
| 6 to 8 ft. ....  | 5.00 |

Let us help you with your planting problems.

**This Service is Free.**

## CONDITIONS OF SALE

**Terms are Cash**, excepting by special agreement.

**A Discount of 3%** is allowed for cash with order.

**We give no warranty**, expressed or implied, as to quality, description or productiveness of any nursery stock that we sell. The only guarantee we make is that our stock is alive at time of shipment and true to name. No complaints will be considered that are not made within ten days after receipt of order. Any stock ordered from this list, found untrue to name, will be cheerfully replaced at the first favorable opportunity for planting, after it has been found not as ordered.

**Time for planting.** All hardy trees and plants of any description can be safely transplanted in the Spring as soon as frost leaves the ground, and usually as late as about June 1st. Also during the period beginning September 15th and continuing until the ground becomes frozen. Evergreen trees and shrubs can further be safely handled during August.

We respectfully invite correspondence pertaining to problems of interest to planters.

Prices herein quoted cancel all previous prices, and shall apply only to stock now growing in our nurseries.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every receipt, invoice, and bill should be properly filed and indexed for easy retrieval. This not only helps in tracking expenses but also ensures compliance with tax regulations.

Next, the document outlines the process of reconciling bank statements. It advises that this should be done monthly to identify any discrepancies between the bank's records and the company's books. Any differences should be investigated immediately to prevent errors from compounding.

The following section covers the preparation of financial statements. It details the steps for calculating net income, determining the cost of goods sold, and preparing the balance sheet and income statement. The document stresses the importance of using accurate data and double-checking all calculations.

Finally, the document provides guidance on how to present financial information to management and stakeholders. It suggests using clear, concise language and visual aids like charts and graphs to make the data more understandable. Regular reporting is key to maintaining transparency and trust.
